

DUAL FUNCTION STRENGTH SERIES

DF-108 Multi-Press

KEY FEATURES

Adjustment and Convenience Features

Simple seat-bottom height adjustment makes for a quick setup

Press carriage adjusts easily via a pull-pin knob

Dual-position, cushioned handles provide biomechanically correct grip positions

Magnetized stack-fork with retracting tether makes for instant, secure selection of weights

Convenient foot lever bench position adjustment

Incremental weight adjustment option allows users to make weight stack adjustments in smaller, 5.5 lb. increments*

*Optional feature, not included on standard units

Component Quality

Deep-groove, 5-inch shrouded pulleys provide faultless cable tracking

Cold rolled steel weight stacks with noise dampening

Stainless steel guide rods resist rust and stay smooth

Internally lubricated 1,500 lb. steel aircraft cables provide quiet, smooth operation

Heavy-duty European-styled cushions
