## ELLIPTICAL CROSS-TRAINER

Bring home your favorite workout from the gym with the Life Fitness Club Series+. Rooted in 20 years of reliability and innovation, this workhorse cardio series is a trusted fixture in top facilities across the world and it has a modern design that looks great in your home.

### NATURAL STRIDE

The 20" (50.8 cm) stride has a smooth and fluid motion developed from years of research. The result is comfort and a natural feel that is similar to running, without the impact on the joints.

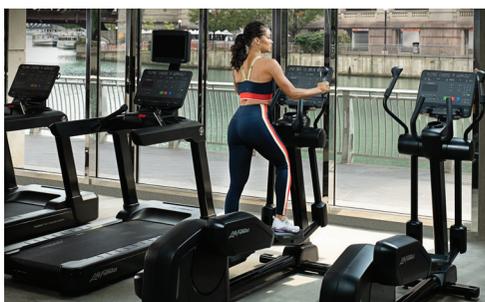

### INTEGRATED RESISTANCE CONTROLS

Change workouts easily on the fly with resistance controls that are integrated into the multi-grip handles.

### COMFORTABLE FLEXFORM PEDALS

The large, nonslip 15" (38 cm) FlexForm™ crowned pedal shape helps reduce numb foot. Ankle motion is limited to less than 15 degrees, which enhances comfort.

### BUILT TO LAST

Built with the same rugged durability as the cross-trainers found in busy health clubs. The Club Series+ promises to be your trusted workout partner for the long haul.
