

B8 UPRIGHT BIKE

The re-modeled B8 upright bike provides a smooth, quiet ride, easy-to-adjust seating and race-inspired handle-bars providing a comfortable and fun biking experience. The fashionably modern ID design of the new consoles allow for a larger screen, storage area, and brighter image. The resistance design has been electrically retuned for sharper movement and more comfortable use. Also the upgraded software in the Eplus 2.0 Full is equipped with Bluetooth technology for wireless headphones and HR belts.

FOUR CONSOLE OPTIONS AVAILABLE

LED (New)

10.1" Touch (New)

8" Sport (New)

15.6" Entertainment Plus 2.0 (New)
Wireless BT available now

FEATURES OF THE CIRCLE FITNESS B8 UPRIGHT BIKE

Resistance Level Control

Allows easy adjustments to resistance during your workout.

Wireless Charging & USB

The wireless charging station is perfect for your phone and small electronic devices.

Multiple Level Seat Adjustment

Offers 12 levels of adjustment to ensure a comfortable experience for all users.

Easy Strap

Getting in and out of the pedals only takes one hand with our easy strap technology.

Multi-Position Handlebars

The re-modeled B8 offers multiple hand grip positions to ensure that users are comfortable during all stages of their ride.

Reading Rack

An extra compartment suitable for reading material or other personal belongings.

Slip Resistance Pedal

Slip-resistant pedals make sure that the users feet are secure on the pedals while riding.

Bottle Holder

Storage for bottle for users to have easy access to while working out.

HR Sensors & Telemetry

Monitoring heart rate is simple with equipped handgrip sensors or optional wireless telemetry strap.

CircleFitness.com

Here at Circle Fitness, we have been providing high quality, efficient, easy to use, and durable fitness equipment for twenty plus years. Quality is foremost when it comes to our equipment. We fully assemble each piece of our equipment in the factory to ensure that every feature and component operates as it should, and it can be easily assembled without problems. Very few companies in our industry perform this level of quality control. Our top tier quality is a result of using high quality materials in everything we build. We use military grade eight bolts to ensure a stable and reliable machine. These standards allow our products to offer full commercial quality even on light commercial products.
