

## Sponser Power Pro Protein 50 Bar Chocolate 20 x 70g

Multiprotein bar based on five protein components. Replaces a protein shake thanks to its high protein content of 35 g per bar. Without chocolate coating.

CHF 66.00

Multiprotein bar based on five protein components. Thanks to its high protein content of 35g per bar, it replaces a protein shake and is therefore ideally suited as a sensible protein source for out-of-home catering. Contains only 4.2g of fat per bar.

### Advantages:

- very tasty chocolate bar with 50% protein
- without chocolate coating
- Low in lactose

### Application:

Suitable for protein supply in phases of an increased protein demand or in case of a protein deficiency. Thanks to the fast and slow available protein sources, the bar is ideally taken 1-2 hours before an intensive weight training. Suitable also as a protein-rich late meal.

Flavour: Chocolate

Packaging unit: 20 bars à 70g

Content: 1400g
