

Life Fitness T5 Go Treadmill

The Life Fitness T5 Go was developed specifically for use at home and for the needs of ambitious runners. Simple, straightforward controls ensure easy operation of all functions. The MagnaDrive[®] drive system and patented FlexDeck[®] system with LifeSpring shock absorbers provide a smooth motion and the support and flexibility to make every step comfortable and well cushioned. The T5 allows you to switch between 3 damping settings.

CHF 5'690.00

With the Go console, you get an extremely user-friendly interface with the most important programs you need for long-term and effective fitness training.

Features:

- 3 hp MagnaDrive drive system
- FlexDeck shock absorption system
- microprocessor-based PWM controller developed by Life Fitness
- Gradient electronically adjustable 0-15% in 0.5% increments
- speed electronically adjustable from 0.8-19.3km/h in 0.1km fine increments
- running surface 153 x 56cm
- Damping system: Adjustable FlexDeck Select shock absorption system. It can be switched between 3 damping settings.
- Elastomers: LifeSpring elastomers. This reduces the recoil energy caused by stepping on the running deck by up to 30% compared to running outdoors.
- Training computer with 10x15cm LCD display (blue backlit) showing time, speed (mph/ km/h), incline, pace, distance, heart rate, target heart rate, calories and METs.
- 13 pre-programmed workout programs are available for motivating workouts.
- 3 Classic Programs: Manual, Random, Hill
- 2 Advanced Programs: EZ Resistance, Sport Training
- 5 HeartSync heart rate training programs: Fat Loss, Cardio, Heart Rate Hill, Heart Rate Interval, Extreme Heart Rate.
- 3 Goal-based training programs: Calories, Distance, Target Heart Rate

- 1 individual training program per user profile (2 user profiles can be created and saved)
- Quick start mode
- Warm-up mode
- Cool-down mode
- Race mode
- 2 user profiles
- Low profile GoSystem control panel on handrails with 3 adjustable speed presets, 3 adjustable incline presets, and one-button quick start
- Polar wireless heart rate monitoring
- 3/4 isocyanide running deck (2cm thick)
- 6.7cm crowned precision steel rollers
- Side handrails and Ergo grip handles
- Hand pulse sensors
- transport wheels and height compensation

Use: home use, payload: ca.181kg

Equipment dimensions: L202 x W81 x H155cm, weight 155kg

Accessories: integrated pulse receiver, transmitter belt, storage compartment, bookend

Warranty: 2 years complete warranty (CH Service)

Engine power: 3 HP MagnaDrive drive system

Speed: 0.8-19.3km/h in 0.1 km/h steps

Tread: 153 x 56 cm

Gradient: 0-15% in 0.5% steps

Training computer: 10x15cm LCD display with blue backlight

Displayed values: Time, speed, incline, pace, distance, heart rate, target heart rate, calories and METs.

Training programs: 13

Pulse-controlled programs: 5

User-defined programs: 1

Hand pulse sensors: Yes

Pulse receiver: 5khz

Multimedia: Tablet holder

Foldable: No

Accessories: integrated pulse receiver, transmitter belt, tablet holder, drink holder

Options: Floor protection mat

Folding dimensions (length / width / height): No

Dimensions (length / width / height): L 202 x W 81 x H 155cm

Device weight: 155 kg

Payload: 181 kg

Insert: Home

Warranty: 2 years complete warranty (CH service)

Features: FlexDeck shock absorption system, 3/4 isocyanide running deck (2cm thick), 6.7cm crowned precision steel rollers
