

Body Solid Pro Select Leg Press Calf Combo GLP-STK

Freestanding leg press with 95kg weight magazine (2:1 ratio for 190kg resistance) for targeted strengthening of leg and calf muscles. The double bar design eliminates ankle stress and provides constant resistance throughout the range of motion. Pivoting pressure plate rotates both forward and down to target thigh, hamstring and glute muscles. The Body Solid Pro Select Leg Press-Calf Combo is designed for safety, comfort and exercise variation.

CHF 1'990.00

Double-beam design eliminates ankle stress and provides consistent resistance throughout the range of motion.

Pivoting press plate rotates both forward and down to target thighs, hamstrings and glutes. Extra large, extra wide, non-slip, rubberized press plate will handle the big guys.

It's designed for safety, comfort and exercise variation. Side stability grips lock you in place. Precision engineered commercial grade cushion.
