

Body Solid Pro Select Biceps-Triceps Combo (GCBT-STK)

Free-standing biceps-triceps combination station with 95kg weight magazine for targeted strengthening of the arm muscles.

CHF 1'890.00

This unique cam design offers smart dual-function capabilities for the price of one. The Biceps Triceps Machine has a wide range of adjustments, from a 7-position seat adjustment to 28 different starting positions, ensuring full freedom of movement.

The biceps curl pivots and rotates to adjust to forearm length while reducing wrist strain. Positioned at a 30° angle, the arm stabilization pad allows for proper joint alignment without elbow pressure on the pad.

Features:

- 95kg weight magazine
- 7-position seat height adjustment
- 28 settings for start positions
- arm pad positioned at 30° for a biomechanically correct motion sequence
- easy changeover
- robust steel frame construction
- durable powder coating
- sturdy DuraFirm padding, tear-resistant, with double stitching, ergonomically shaped

use: home use to light commercial use, payload: approx. 300kg

equipment dimensions: L163 x W148 x H178cm, weight approx. 189kg

warranty: 2 years on labor and spare parts (excluding consumables such as pads, cables)
