- multifunctional use
- CE conform (93/42/EWG)
- guide price CHF 69.90

Size: approx. L180 x W60 x D1cm, 1,4kg
Color: kiwi

Medical purpose:

AIREX® products are designed as movement therapy aids for both institutional and home use. The object lying on the floor serves as a support for a person during medically indicated and prescribed exercises to improve motor skills and balance or postural control and/or for movement therapy treatment of muscle weakness in the limbs and trunk as a result of a neurological or orthopedic disease.

Why are the sizes given only in "approximate"? All AIREX mats are foamed freely. This means that they are not produced in molds. The production process is comparable to baking a loaf of bread. The result can therefore be influenced depending on the environmental conditions (temperature, air pressure, etc.), so that the products always vary slightly in length, width and thickness.
