

Hock Ropa Expander 8mm

When something is perfect, the viewer feels it in the first moment. All HOCK products radiate perfection, timelessness and elegance. They are the best possible symbiosis of quality, form and function. HOCK is a style of its own. It is recognizable in every product. A visual and haptic pleasure - Made in Germany.

CHF 219.00

Fine turned walnut handles, through which dark brown natural leather straps have been pulled and firmly riveted, combine with anodized aluminum sleeves.

The expander rope itself, made of fine natural latex threads, is woven around by a highly flexible yet tear-resistant synthetic fiber in sand colors. The material allows an enormous stretch of almost 2.5 times.

A discreet screw cap connects the ropes together with aluminum sleeves very easily and yet securely with the handles.

The medium strength 6mm version is best suited for ladies and includes 2 ropes in diameter 6mm in lengths of 50mm and 80mm. This allows you to perform a wide variety of exercises in style for arms and legs.

Just design fitness at its best.
