

Hock single rack for LOFT dumbbells

When something is perfect, the observer feels it at the first moment. All HOCK products radiate perfection, timelessness and elegance. They are the best possible symbiosis of quality, form and function. HOCK has its own style. It is recognisable in every product. A visual and haptic pleasure - Made in Germany

CHF 219.00

For owners of a single LOFT dumbbell pair, HOCK has now made it easier to put down and store the dumbbells. Accidental rolling away or damage to the furniture is effectively - and attractively - prevented.

With its clear and minimalist design, the LOFT single rack creates the ideal stage for a pair of LOFT dumbbells. Two high-precision turned and milled stainless steel bolts are stably connected to each other by a finely ground walnut solid wood strip. The dumbbells can be discreetly and safely inserted into the milled recesses of the steel bolts and are thus protected from rolling away. Anti-slip, transparent silicone feet secure the rack on any surface.

- minimalist design
- CNC-machined Safeglide rack bolts
- walnut solid wood connecting board
- non-slip silicone feet
- dimensions: 220 x 155 x 20mm
- Price without dumbbells
- Price per rack
