

## Horizon Fitness Treadmill Adventure 3

The Adventure 3 is particularly powerful. This treadmill offers a total of 12 training programs including two pulse-controlled programs. The digital drive system is equipped with a 2.5 hp continuous duty motor.

**CHF 1'790.00**

The new Adventure Series combines robust quality with modern design and intuitive training versatility. If you are looking for a compact treadmill with good cushioning properties for extensive walking and for light to ambitious jogging units, you are well served with the Adventure series. A special highlight is the novel workout tracking tool Viewfit, with which your training results now easily land in your already used fitness apps. The sturdy frame and sufficiently large running surface give you a safe feeling during your workout, and afterwards the hydraulically assisted folding mechanism plus transport wheels simplify stowing. Current entertainment options make your endurance training particularly varied and motivating.

### **Features:**

- 2,5HP continuous power motor with digital drive
- Incline electronically adjustable 0-10%.
- Speed electronically adjustable from 0.8-18km/h in 0.1km fine increments
- 1,6mm belt thickness
- Damping system - Variable Response Cushioning
- Running surface 140 x 51cm
- Foldable
- Training computer with 5.75 Yellow-Backlit LCD displaying calories burned, speed, distance, time, heart rate, incline, program profile, laps

- Preset options

- direct selection keys for speed and incline
- Belt stop safety key
- Transport wheels and height compensation
- Controlled drop system
- Energy saving mode
- Built-in loudspeakers
- Reading holder
- Passport-Ready\*
- Viewfit compatible\*\* - an exclusive form of workout tracking to connect your workout device with your favorite fitness apps and your social network
- suggested retail price CHF 2'049.--

**\*Passport Media Player** with Virtual Active is an interactive workout program in which the athlete runs, drives and hikes through real landscapes. Instead of staring at the walls while training, the user can now experience the landscapes in a dynamic video - interactively and in HD quality. The training device varies the resistance according to the gradient of the video landscape, the playback speed of the video in turn adapts to the speed of the user and even ambient sounds can be perceived.

**\*\* Viewfit** is available for models 3, 5 and 7 of the Adventure treadmills. It is an exclusive form of workout tracking that can connect our training device to the user's favorite fitness apps and social network. Viewfit simplifies fitness data collection. Workouts completed on the fitness device at home now no longer need to be transferred separately to the fitness app being used, as the device takes care of that itself. There are two ways to keep track of athletic activities and results, set new goals or participate in competitions: the website [www.viewfit.eu](http://www.viewfit.eu) or the Viewfit app for iOS or Android.

Use: home use, payload: approx. 137kg

Unit dimensions: L182 x W89 x H138cm, folding dimensions: L114 x W89 x H155cm, weight 81kg

Accessories: integrated receiver for chest strap transmitter, hand pulse sensors, bottle holder

Options: POLAR transmitter belt T34

Warranty: 2 years complete warranty

Engine power: 2.5 HP / 1.84 kW continuous duty motor with PWM control (Digital Drive)

Speed: 0.8-18km/h in 0.1km/h steps

Tread: 140 x 51 cm

Gradient: 0-10% in 1% steps

Training computer: 5.75 LCD window

Displayed values: Time, distance, incline, speed, steps, calories, heart rate, program profile

Training programs: 13

Pulse-controlled programs: 2

User-defined programs: 1

Hand pulse sensors: Yes

Pulse receiver: 5khz

Multimedia: No

Foldable: Yes

Accessories: integrated receiver for chest strap transmitter (5khz), hand pulse sensors, bottle holder

Options: Transmitter belt, floor protection mat
