

Optimum Nutrition Hydro Whey 1590g can

There is no whey protein that works faster and is as pure and advanced as Platinum Hydrowhey from Optimum Nutrition. There is only one word for it: perfection. According to this special formula, the protein is hydrolyzed. Through hydrolyzation, large proteins are broken down. This allows them to immediately enter the body system and help the muscles regenerate - as quickly as possible.

For added effectiveness, Optimum Nutrition has infused this revolutionary formula with digestive enzymes and branched chain amino acids (BCAA's). So Hydrowhey not only works fast, but it's also protein in its purest form. It is in fact obtained exclusively from hydrolyzed protein isolates from whey. Therefore, there is no excess fat or lactose to slow down your progress.
