

Tunturi Platinum Pro Treadmill 5.0

Platinum PRO is the highest quality line from Tunturi. These machines are perfect for ambitious home users, physiotherapists and schools as well as smaller gyms.

CHF 6'899.00

The Platinum PRO treadmill scores with superlative values in all areas. This treadmill has a total of 128 different programs and can be operated at speeds from 0.8 to 26.0 km/h! The incline can be set from 0 to 16 % and the running surface is 153 x 56 cm. The motor is designed for a continuous output of 5.0 hp and a peak output of 10.0 hp. These are values that are unique in this price range.

The 15-inch touch screen monitor guides the user through any virtual terrain and ensures a varied workout. The running surface has excellent shock absorption, which reduces the strain on the body and helps to prevent aching joints.

The maximum user weight is 150 kg. In addition to pulse measurement on the handles, a special 2.4 GHz chest strap can also be used as an option.

Features:

- Motor 5PS continuous power
- Running surface 153 x 56cm
- Speed 0.8-26km/h
- Incline 0-15%
- 15 inch LCD color display touch screen with display of speed, time, distance, RPM, energy consumption, heart rate, power (watts), load profiles

- Specifications: Time, distance, calorie consumption
- Fitness test function: measurement of the recovery heart rate
- Transport rollers
- Hand pulse sensors
- Water bottle holder
- USB port (for update/service purposes only)
- USB charging port
- Wi-Fi
- Color: black/silver

Use: Home to commercial continuous use, payload: approx. 150kg

Device dimensions: L213 x W89 x H144cm, weight 160kg

Accessories: Hand pulse sensors, integrated Polar receiver

Option: Transmitter belt

Warranty: **CH warranty** (warranty from Swiss general distributor) - 1 year full warranty, 2 years on labor and spare parts (excluding consumables).

Engine power: 5 HP DC motor

Speed: 0.8-26km/h in 0.1km/h steps

Tread: 153 x 56 cm

Gradient: 0-15% in 1% steps

Training computer: 15 inch LCD color display touch screen

Displayed values: Speed, time, distance, RPM, energy consumption, heart rate, power (watts), load profiles

Training programs: 128

User-defined programs: 100

Hand pulse sensors: Yes

Pulse receiver: 5kHz and Bluetooth

Multimedia: USB port, cup holder,

Accessories: Hand pulse sensors, integrated Polar receiver

Options: Bluetooth transmitter belt, floor protection mat

Foldable: No

Folding dimensions (length / width / height): No

Dimensions (length / width / height): L 213 x W 89 x H 144 cm

Device weight: 160 kg
