

Steelflex T-Bar Row (PLTR-BR)

The Steelflex Plate Loaded T-Bar Row is constructed of a rugged 11-gauge oval steel tube that provides excellent strength with a modern design. The frame is protected with a high quality powder coating that resists scratches, wear and sweat. An easily adjustable, commercial-grade padded chest pad and two handle options allow you to find the ideal position for an excellent back workout. This T-bar rower is suitable for use in home to commercial environments such as weight rooms in high schools, college fitness facilities, training studios, military and commercial fitness centers and more.

CHF 1'390.00
