

Tanita RD-953 body composition monitor, white

The new secret weapon for fitness success - easy to use, accurate, effective. Nothing compares to this Bluetooth connected RD-953 smart scale that gives you more than 10 body composition evaluations, including muscle quality and muscle quality score.

CHF 259.00

Understand and see the results of your healthy eating habits and exercise before you see it in the mirror. This smart scale analyzes you using medical-grade BIA technology with dual frequency measurement, ensuring the highest level of accuracy when measuring your body composition at home.

The RD-953 connects to the My Tanita App. You can track your progress, set goals and adjust your workout.
