

Fitwood Fitness Scooter KIVI

KIVI Fitness Roller is specially designed to fit your interior style and keep you fit for a long time. To train abdominal muscles and stay in shape, AB rollouts with a fitness roller are among the most effective methods. For this purpose, from now on, with the KIVI training device, you'll always have your fitness roller at hand, because you'll no longer have to hide the beautiful piece in the closet after your workout!

CHF 149.00

The KIVI Fitness Roller fits perfectly into your home and nestles naturally and unobtrusively into your interior. From now on, you'll always have a fitness scooter at hand and you'll be able to do regular AB rollouts very easily and, above all, effectively.

Handle

The handles of the fitness roller are made of polished aluminum

Wheel

The wheel of the fitness roller is made of birch plywood. FitWood logo is burned on the untreated wood.

Trim

The edge trim of the fitness scooter is made of a cast gray PU coating. Molded to the point, the coating is extremely durable and retains its value.

The KIVI fitness scooter is completely designed and manufactured in Finland.
