

## Life Fitness C3 Track Connect 2.0 Ergometer

Now with the new Track Connect 2.0 console - the C3 Lifecycle seated ergometer combined precise engineering with exceptional attention to detail. Not only does it provide a natural upright seating position for a safe and effective workout, it's also extremely quiet. And thanks to the self-propelled nature of the C3 with Go console, you don't need cords or outlets, so you can set it up anywhere you like. All from the number one gym in the world. Combine the C3 with Track Connect console with control and entertainment features that keep you motivated, and more customization options to make it easier to reach your fitness goals.

**CHF 2'690.00**

### **The Track Connect 2.0 console supports:**

- the latest Bluetooth standards
- has the FTMS protocol with the new GEM 3 chips - the FiTness Machine Service Protocol, better known as FTMS, is the latest Bluetooth standard for controlling fitness equipment such as treadmills, bikes and rowing machines. The Track Connect 2.0 console now supports this FTMS protocol
- together with the integrated Apple Gym Kit, it is compatible not only with Samsung & Apple smart watches, but also with numerous apps such as Kinomap, Zwift, LFconnect and many other apps that use the FTMS protocol
- Apple Gym Kit - with the built-in Apple Gym Kit, you can easily and effortlessly connect an Apple Watch to the console. Simply touch the "Connect to Apple Watch" icon in the top right corner with the watch to connect and track workouts.

### **Features:**

- Eddy current resistance system
- Self-powered: does not require an electrical outlet
- LCD window (10.2cm x 15.2cm) with blue background and white font displaying calories,

distance, speed (mph/km/h), level, time, heart rate, target heart rate, METs

- with iPhone and Android login from nearby via Bluetooth - if you enable Bluetooth on your mobile device, you can transfer workout data to an ever-increasing number of partner apps. Sync data with Nike, Garmin, and MyFitnessPal via Wahoo's RunFit app, or enable Nearby Login on the LFconnect app to sync data with Apple Health, Jawbone, and Fitbit. There's also the option to connect the device with interactive apps like RunSocial to experience rousing workouts.
