

Inkospor Active Magnesium Ampoules 20 x 25ml

250mg magnesium per drinking bottle

CHF 24.00

Liquid food supplement with 250 mg magnesium for endurance and high-performance athletes with increased magnesium needs. With a type of sugar and sweeteners. With preservative. The high-performance mineral - Intense training, stress and high-protein diets can lead to magnesium deficiency in the long run. The consequences: Muscles are cramped and concentration goes towards zero. Magnesium, the high-performance mineral, stops the trend and ensures that training is not cramped.

- 250 mg magnesium (= 83 % of the daily requirement) per drinking glass
- one drinking glass daily
- Pack of 20 ampoules of 25ml (250mg magnesium per ampoule)
- Fast absorbable magnesium in a drinking glass (83 %RDA)
