

Option for NOHrD Bike: Pedal hook with strap

Extension for the bike pedals, for better grip during intense workouts. Replace the click function.

CHF 29.00

The pedal hooks with straps replace the click function of the hybrid pedals.
The pedal hooks provide additional support for the feet and can be retrofitted at any time.

Not compatible with the standard hybrid pedals, the **separately available platform pedals are also required.**

- can be retrofitted at any time
- compatible with platform pedals
- Scope of delivery 1 pair
