

Micro Mobility Systems Speed Aztec Black (SA0121)

Unobtrusive and yet an eye-catcher, the Micro Scooter Speed has a very special extra with its shock-absorbing wheels.

CHF 169.00

The silicone-mounted ball bearings provide a slight shock-absorbing effect and thus a smooth ride - even on rough surfaces. The special look of the Micro Scooter Speed is rounded off by the trendy designs. With this aluminum scooter you have guaranteed the perfect companion on the way to school or in your spare time. This scooter has a device for the carrying strap!

Shock Absorbing System

Ball bearings mounted in silicone have a shock-absorbing effect. The Shock Absorbing System is integrated in the wheels and is exclusive to this scooter. Ideal for rough and uneven surfaces.
