

## Life Fitness Club Series + Treadmill

The Life Fitness Club Series+ is built on over 20 years of reliability, innovation, and knowledge gained from developing dependable cardio equipment used in fitness clubs around the globe. The next generation Club Series+ cross trainer is more solid and sleek than ever - but has the same proven durability. This all-around redesigned and redesigned ergometer scores with intuitive technology, advanced features and a modern frame design that looks great and fits well in the home. New generation LED consoles - connectivity technology for Apple Watch® compatibility and Bluetooth® connectivity are built into the Integrity SL console. The Integrity SL console offers an intuitive cardio experience combined with the connectivity to fitness apps and wearables that exercisers have come to expect.

**CHF 11'990.00**

### **SOLIDLY CONSTRUCTED**

The reinforced upright design, shock-resistant aluminum end caps and FlexDeck shock absorption system make this treadmill durable. For both walking and running, users benefit from the comfort of FlexDeck technology - a running surface that reduces stress on joints.

### **OPTIMAL RUNNING FEATURES**

The open area near the console gives you more room for arm movement. Buttons integrated into the handlebars let you adjust speed and incline without interruption, even during your workout.

### **MODERN DESIGN**

This proven treadmill will look great in your home with its high-quality finish and modern design.

### **ADVANCED TECHNOLOGY**

The intuitive touchscreen console provides a connected running experience. Your last workout is automatically saved so you can replay it and target improvement in your performance. You can

challenge yourself with our latest workouts that are automatically updated. Plus, you'll have the ability to view your progress long-term and share workout data with your favorite apps via Bluetooth® and NFC.

**Features:**

- 4hp peak AC motor (4hp peak power, IE2 efficiency rating at 2hp).
- DX3 tread and running board system (belt guidance system).
- FlexDeck 2.0 shock absorption system (8 Lifespring shock absorbers)
- 9 cm crowned precision steel front and rear rollers
- Aluminum end caps, extra shock resistant
- Brushed stainless steel ventilation detail

- Contact heart rate measurement (hand pulse sensors)
- 5/8 isocyanide running deck
- Professional handrails 61cm
- Ergo handlebars
- Front transport wheels for moving the device
- Height adjustment for product stability
- 2 removable cup holders
- Accessory tray for smartphone etc.
- USB port: for software updates and device charging only
- headphone jack: 3.5mm port
- durable paint (corrosion, dirt and chemical resistant coating)
- Color: Titanium Storm Finish
- target price CHF 11'380.--

Use: home use to light-institutional use, payload: approx.181kg

Unit dimensions: L209 x W92 x H14cm, weight 197kg

Accessories: integrated pulse receiver, transmitter belt, hand pulse sensors, storage compartment, bookend

Warranty: home use: 2 years full warranty: light-institutional use: 1 year full warranty (max. 1000 hours per year) (CH Service)

Engine power: 4HP AC peak power motor

Speed: 0.8-19.3km/h in 0.1 km/h steps

Tread: 152 x 56 cm

Gradient: 0-15% in 0.5% steps

Training computer: 18cm LCD touch screen

Displayed values: Time, distance, speed, incline, heart rate, calories

Training programs: 14

Pulse-controlled programs: 1

User-defined programs: keine

Hand pulse sensors: Yes

Pulse receiver: 5kHz and Bluetooth

Multimedia: Bluetooth interface, accessory tray for smartphone, cup holder,

Foldable: No

Accessories: integrated pulse receiver, transmitter belt, hand pulse sensors, storage compartment, bookend

Options: Bluetooth transmitter belt, floor protection mat

Folding dimensions (length / width / height): No

Dimensions (length / width / height): L 209 x W 92 x H 14cm

Device weight: 197kg

Payload: 181kg

Insert: Home to light institutional use

Warranty: Home use: 2-year full warranty: Light institutional use: 1-year full warranty

Features: 5/8 isocyanide running deck, Ergo grip handle, LF-connect Protect remote device monitoring,

FlexDeckreg: 2.0 shock absorption system, DX3 running surface and running board system
