

## Sponser Pre Workout Booster 256g can

PRE WORKOUT BOOSTER is typically used in weight training for intense and goal-oriented workouts. The formulation contains Whey protein hydrolysate CFM Nitro, supplemented with 7 plant extracts (Fiit-ns and Vinitrox) and 3 amino acids and taurine.

CHF 39.00

Yeast naturally contains nucleotides, the primary building blocks of all cells. Caffeine helps improve concentration and endurance performance, choline supports fat metabolism. Zinc contributes to normal DNA synthesis and maintenance of normal blood testosterone levels. Pantothenic acid supports the formation (synthesis) and normal metabolism of steroid hormones and some neurotransmitters. Folic acid contributes to normal amino acid synthesis.

### Benefit:

- Multi-mechanism complex for maximum NO formation
  - 7 plant extracts (Fiit-ns, Vinitrox), Whey protein hydrolysate CFM Nitro:
  - Amino acids L-Citrulline, L-Ornithine NO pump through multi-mechanism complex.
- Support of concentration and performance: - 100 mg caffeine, L-tyrosine, taurine (boost effect and increase of concentration by caffeine and plant extracts)
- Support of recovery and muscle building: - nucleotides, choline, taurine, zinc, vitamins, ribose
- Zinc to maintain normal THEN synthesis and testosterone levels
- Energy supply - waxy maize starch

### Directions:

1 heaping scoop dissolved in about 200 ml of water (ideally in a shaker) before training. Increased caffeine content (50 mg/100 ml drink). Not recommended for children, pregnant women and caffeine sensitive persons.

Packaging unit: 256g can

Flavor: Apple-Raspberry, Cola
