

Inkospor X-Treme BCAA 240 capsules

Inkospor BCAA tablets with branched-chain amino acids for intensive muscle effort, especially for strength and endurance athletes.

CHF 54.00

Food supplement with branched-chain amino acids L-leucine, L-isoleucine and L-valine. For strength athletes with increased requirements and heavy training load.

- With a particularly high proportion of branched-chain amino acids L-leucine, L-isoleucine and L-valine.
- Branched-chain amino acids are also used for energy production during training and must therefore be replaced as soon as possible after training.
- Obtained from a vegetable raw material.
- Power athletes: swallow 4-5 BCAA tablets per day after training with a little liquid. If the training load is particularly high, take 4-5 tablets up to 3 times a day.
- BCAA are also excellent for endurance athletes. It is best to drink 4-5 BCAA tablets with a carbo drink.

Benefits:

- 69% branched-chain amino acids
- optimal ratio of leucine, isoleucine and valine 2:1:1
- 6.6g calcium, without good, glutamine and lactose protein supports the growth and maintenance of muscle mass for strength athletes
- ideal before and after workout

Ingredients:

L-Leucine, anti-caking agents calcium phosphate and magnesium salts of fatty acid, L-Valine, L-Isoleucine, bulking agent cellulose powder.
