

Weider Premium Whey Protein 2,3kg can

Ultrafiltered whey protein concentrate plus whey protein hydrolysate (contains fast peptides) plus L-glutamine.

CHF 89.10

Whey protein is the English name for whey protein. It is one of the biologically highest quality and most compatible proteins. Weider has succeeded in developing a high-quality protein powder, which is very good in taste and covers the nutritional needs.

The production method plays an important role here, as microfiltered protein is used, which is not subjected to great heat and pressure. The composition of the product provides a high content of important BCAAs and glutamine.

Product features:

- Whey Protein Isolate (Whey)
- Microfiltered Whey Protein Concentrate (Whey) Naturally contained bioactive nutrients such as globulins and glycomacropeptides.
- Free Glutamine (2g per dose!)
- Aspartame free

Training Phase:

- Strength building phase
- Definition phase

Recommended intake:

- The Premium Whey Protein is quickly absorbed by the body. It is therefore particularly suitable for breakfast and after training.
