

## All Stars Glutamine Powder, neutral, 300g can

High-purity L-glutamine in premium quality. Increased muscle building, increased muscle cell volume and accelerated regeneration after intensive training.

**CHF 41.00**

### ALL STARS GLUTAMINE POWDER - L-GLUTAMINE

THE AMINO ACID GLUTAMINE IS FOUND IN HIGH CONCENTRATIONS IN MUSCLE CELLS.

Our powder contains 5000 mg of pure, micro-instantized L-glutamine per serving to optimally support your training goals.

### HIGH QUALITY INGREDIENTS

In addition, each serving contains 1000 mg whey peptide to ensure maximum bioavailability. Our powder is completely free of caffeine, creatine and fat and contains only a low sugar content so that you can concentrate on the essentials.

### SUITABLE FOR ANY DIET

Thanks to its carefully selected ingredients, our fitness powder is compatible with various diet plans. Whether you are following a low-fat, ketogenic or metabolic diet, ALL STARS GLUTAMINE POWDER fits perfectly into your diet plan.

### SIMPLE DOSAGE OF GLUTAMINE POWDER

Simply mix 9 g of powder (equivalent to one scoop) with 200 ml of water and enjoy one serving daily.

You can also take more servings if required. There are 60 servings in each can to provide you with sufficient supply.

## **OPTIMIZE YOUR TRAINING**

Drink the shake at breakfast, before or after training to get the most out of your workout. Take yourself and your body to a new level with ALL STARS GLUTAMIN POWDER - the ultimate fitness powder.
