

Spirit Fitness Commercial CU1000ENT Phantom Ergometer

The SPIRIT 1000 Commercial Fitness series is the flagship with outstanding design, precise workmanship and impressive quality with unique reliability for every training room - whether a weight room in a home sports club, a fitness room for hotels or companies or even an entire fitness center. The CU1000ENT Phantom ergometer comes with the latest touchscreen technology and offers a unique training experience. The CU1000ENT Phantom ergometer comes with the latest touchscreen technology and offers a unique training experience. The CU1000ENT Phantom ergometer is equipped with an impressive, crystal-clear 39.6cm TFT touchscreen display which is user-friendly and intuitive to operate. Full of entertainment options from pre-programmed apps to mirror casting from the user's device and direct connection with HDMI. The ergometer is robustly constructed and equipped with high quality components to withstand the rigors of constant use and has a durable drive system.

CHF 6'490.00

The CU1000ENT ergometer from Spirit Fitness is a stationary club bike for cardiovascular training. Cycling on an ergometer provides a continuous workout without joint and weight loading, engaging the major muscle groups of the lower body and providing cardio training benefits such as improved endurance, weight loss and fat burning. The CU1000ENT offers features that provide the user with a precise fit and function as well as a clear and intuitive console for power measurement. The seat height can be securely locked and adjusted in stepless increments, while the molded handlebars offer maximum comfort. Pedal movement is smooth and consistent with industrial roller bearings and a 2.5cm crank axle.

The 39.6cm touchscreen lets you surf and stream through strange worlds while working on your fitness. Easily access selected websites and online apps such as YouTube, Facebook and Twitter on the touchscreen via the internet or mirror your smart phone.

Features:

- mains-powered EMS magnetic brake system
- Flywheel mass approx. 14kg with 12:1 transmission ratio
- Training computer with 39.6 cm HD 1080P touchscreen - in tablet design with an intuitive layout for easy navigation
- wireless screen mirroring - display your smartphone on the touchscreen - stream Apple or Android devices directly to the 39.6cm touchscreen via a simple screen mirroring function so you can watch videos or interact with your favorite apps
- Streaming, social media and news APP - pre-installed APPS (subject to change): Netflix, YouTube, Instagram, Facebook, Twitter, Hulu, iHeartRadio, Spotify, ESPN, CNN, BBC, Weather
- WiFi compatible - easy access to selected websites and online apps on the touchscreen via the Internet
- Bluetooth FTMS for APP connection and connection to Bluetooth-compatible chest strap, headphones, speakers
- USB port for charging function and software update
- HDMI
- NFC login to Spirit APP
- Console display of distance, steps, watts, resistance level, cadence, calories, calories per hour, heart rate, lap counter
- the bright screen shows all relevant information displayed during the workout and a summary of the collected data is displayed when the workout is finished
- 40 electronically adjustable resistance levels
- Programs: Manual, Hill, Fat Burn, Cardio, HIIT, Strength, Interval, Custom, 2 Heart Rate, Watts, Fitness Test
- Telemetric heart rate measurement (integrated pulse receiver)
- Hand pulse sensors embedded in the handlebars of the ergometer
- Vertical, infinitely variable seat adjustment options
- self-righting, large pedals with quick-release fastener
- pedals inclined inwards by 2° - recent sports science studies show that an inclination of the feet inwards by 2° promotes optimum muscle and ligament activity. These findings have been incorporated into the development of the CU900ENT and the inclination of the pedals has also been implemented
- self-righting belt pedals
- transport rollers
- Water bottle holder
- Tablet-friendly reading tray
- extra-wide 8-groove poly-V belt with spring-loaded tension pulley for lower belt tension and longer belt and bearing life
- Large crank axle with a diameter of 2.5 cm
- Steel frame - double epoxy hybrid coating for robust and stable steel
- Heavy-duty roller bearings for maximum stability and training safety
- Color: Graphite grey

Application: home to commercial use, payload: approx. 205kg

Equipment dimensions: L121 x W63 x H139.7cm, weight 65kg

Accessories: integrated receiver for chest strap transmitter, hand pulse sensors

Option: pulse transmitter belt

Warranty: 2-year full warranty

SPIRIT FITNESS APP

The new SPIRIT FIT APP has been developed to monitor and record training data with all devices in the SPIRIT 1000ENT series. It includes an integrated Bluetooth 4.0 module* that is compatible with most iOS and Android mobile devices. Simply download the SPIRITFIT APP, set up an account and pair it with the SPIRIT 1000ENT device to track, design and set training plans. All personal profile and training data is stored on the mobile device. You can now view your training profile on your mobile device while training. You can also watch a movie, read messages or check emails while the SPIRITFIT APP continues to record your training data in the background. The SPIRITFIT APP also communicates with FitBit, iHealth, Record, MapmyFitness, Twitter, Facebook and other open source training apps, so you can continue to use the fitness apps you know and keep all your training history in one safe place.

* Currently compatible with all 1000ENT series
