

Spirit Fitness Commercial CE1000ENT Phantom Crosstrainer

The SPIRIT 1000 Commercial Fitness series is the flagship with outstanding design, precise workmanship and impressive quality with unique reliability for every training room - whether a weight room in a home sports club, a fitness room for hotels or companies or even an entire fitness center. The CE1000ENT Phantom Elliptical comes with the latest touchscreen technology and offers a unique training experience. The CE1000ENT Phantom elliptical trainer is characterized by a smooth pedal movement with a 2° inwardly inclined tread surface for an ergonomic foot path to minimize joint stress. The CE1000ENT Phantom elliptical trainer comes with the latest touchscreen technology and offers a unique training experience. The CE1000ENT Phantom is equipped with an impressive, crystal-clear 39.6cm TFT touchscreen display which is user-friendly and intuitive to operate. Full of entertainment options from pre-programmed apps to mirror casting from the user's device and direct connection to HDMI. The elliptical trainer is robustly constructed with high quality components to withstand the rigors of constant use and has a durable drive system.

CHF 9'990.00

The CE1000ENT was developed with comfort and performance in mind. From the stride length, the hand grips, the pedals or the moment of inertia of the flywheel, this cross trainer is fitness in perfect form. The robust construction allows the CE1000ENT to be used commercially and guarantees

exceptional reliability for many years. The pedals with the 2° Q-factor ensure the most ergonomic posture possible during training.

On the 39.6cm touchscreen you can surf and stream through foreign worlds while working on your fitness. Easily access selected websites and online apps such as YouTube, Facebook and Twitter on the touchscreen via the internet or mirror your smartphone.

Features:

- mains-powered EMS magnetic brake system
- 13.6 kg with 12:1 pedal to flywheel ratio and 72mm industrial bearings provide the perfect balance for smooth stride movements at any speed/resistance level
- stride length 53.34cm
- treads inclined inwards by 2° - the latest sports science studies show that a 2° inward inclination of the feet promotes optimum muscle and ligament activity. These findings have been incorporated into the development of the CE900 and the inclination of the treads has also been implemented
- Tread distance (Q-factor): 2cm - The **Q-factor** describes the pedal distance. While the distance between the feet when walking is 120 - 150 mm, this is less when running and is 80 - 100 mm. A low Q-factor offers advantageous ergonomics for running training on the elliptical trainer
- Training computer with 39.6 cm HD 1080P touchscreen - in tablet design with an intuitive layout for easy navigation
- Programs: Manual, Hill, Fat Burn, Cardio, HIIT, Strength, Interval, Custom, 2 Heart Rate, Watts, Fitness Test
- wireless screen mirroring - display your smartphone on the touch screen - stream Apple or Android devices directly to the 39.6cm touch screen via a simple screen mirroring function so you can watch videos or interact with your favorite apps
- Streaming, social media and news APP - pre-installed APPS (subject to change): Netflix, YouTube, Instagram, Facebook, Twitter, Hulu, iHeartRadio, Spotify, ESPN, CNN, BBC, Weather
- WiFi compatible - easy access to selected websites and online apps on the touchscreen via the Internet
- Bluetooth FTMS for APP connection and connection to Bluetooth-compatible chest strap, headphones, speakers
- USB port for charging function and software update
- HDMI
- NFC login to Spirit APP
- Console display of distance, steps, watts, resistance level, cadence, calories, calories per hour, heart rate, lap counter
- the bright screen shows all relevant information displayed during the workout and a summary of the collected data is displayed when the workout is finished
- 40 electronically adjustable resistance levels
- telemetric heart rate measurement (integrated pulse receiver)
- Hand pulse sensors on the fixed handlebars
- forward and backward motion sequence for different muscle strain
- ergonomic handlebars with different grip positions for upper body training
- Large pedals for a secure footing
- non-slip treads with profile
- transport rollers
- double aluminum rail system

- extra-wide 10-groove belt with roller bearing tensioning system for smooth gliding and extreme durability
- high-quality 72mm industrial ball bearings for extreme endurance and reliability
- water bottle holder
- Tablet-friendly reading tray
- Color: Graphite grey

Application: home to commercial use, payload: approx. 205kg

Device dimensions: L195.6 x W81.3 x H170.2cm, weight 175.5kg

Accessories: integrated receiver for chest strap transmitter, hand pulse sensors

Option: pulse transmitter belt

Warranty: 2-year full warranty

SPIRIT FITNESS APP

The new SPIRIT FIT APP has been developed to monitor and record training data with all devices in the SPIRIT 1000ENT series. It includes an integrated Bluetooth 4.0 module* that is compatible with most iOS and Android mobile devices. Simply download the SPIRITFIT APP, set up an account and pair it with the SPIRIT 900ENT device to track, design and set training plans. All personal profile and training data is stored on the mobile device. You can now view your training profile on your mobile device while training. You can also watch a movie, read messages or check emails while the SPIRITFIT APP continues to record your training data in the background. The SPIRITFIT APP also communicates with FitBit, iHealth, Record, MapmyFitness, Twitter, Facebook and other open source training apps, so you can continue to use the fitness apps you know and keep all your training history in one safe place.

* Currently compatible with all 1000ENT series
