

## Spirit Fitness Commercial CT1000ENT Phantom Treadmill

The SPIRIT 1000 Commercial Fitness series is the flagship with outstanding design, precise workmanship and impressive quality with unique reliability for every training room - whether a weight room in a home sports club, a fitness room for hotels or companies or even an entire fitness center. The CT1000ENT Phantom treadmill comes with the latest touchscreen technology and offers a unique training experience. The CT1000ENT Phantom treadmill combines the powerful high-performance treadmill with a modern and appealing console interface. The CT1000ENT Phantom is equipped with an impressive, crystal-clear 54.6cm TFT touchscreen display which is user-friendly and intuitive to operate. Full of entertainment options from pre-programmed apps to mirror casting from the user's device and direct connection to HDMI. The treadmill is robustly constructed and equipped with high quality components to withstand the rigors of constant use.

**CHF 12'990.00**

The robust construction and high-quality components make the CT1000ENT a treadmill that stands up to any comparison. The technical framework of the cushioning, rollers, drive belts and running surface have been meticulously designed to ensure a smooth running experience. The powder-coated steel, powerful motor and incredible warranty make the CT1000ENT a powerhouse for the future.

The CT1000ENT treadmill from Spirit Fitness is a club cardio exercise machine for walking and running that is designed for commercial use regardless of facility. The sturdy construction and high-quality components make the Spirit Fitness CT1000ENT the standard for any treadmill to be measured against. The specifications for shock absorbers, rollers, belts and deck have been carefully selected to provide users with a smooth workout. Powder-coated steel, a powerful 5.0 horsepower motor and an excellent

warranty give owners peace of mind knowing they have products that will stand the test of time. This workhorse of a treadmill is perfect for gyms, military-based fitness centers, school and professional sports training facilities, corporate fitness and any other training environment where durability, reliability and longevity are key requirements.

The 54.6cm touchscreen lets you surf and stream through strange worlds while working on your fitness. Easily access selected websites and online apps such as YouTube, Facebook and Twitter on the touchscreen via the internet or mirror your smart phone.

**Features:**

- 5.0 hp AC heavy-duty/industrial motor
- large training computer with 54.6 cm HD 1080P touchscreen display - in tablet design with an intuitive layout for easy navigation

- Color: Graphite grey

Application: Home to commercial use, payload: approx. 204kg

Device dimensions: L214 x W90.3 x H157cm, weight 239.5kg

Accessories: integrated receiver for chest strap transmitter, hand pulse sensors

Option: pulse transmitter belt

Warranty: 2-year full warranty, 10-year warranty on motor

### **SPIRIT FITNESS APP**

The new SPIRIT FIT APP has been developed to monitor and record training data with all devices in the SPIRIT 1000ENT series. It includes an integrated Bluetooth 4.0 module\* that is compatible with most iOS and Android mobile devices. Simply download the SPIRITFIT APP, set up an account and pair it with the SPIRIT 1000ENT device to track, design and set training plans. All personal profile and training data is stored on the mobile device. You can now view your training profile on your mobile device while training. You can also watch a movie, read messages or check emails while the SPIRITFIT APP continues to record your training data in the background. The SPIRITFIT APP also communicates with FitBit, iHealth, Record, MapmyFitness, Twitter, Facebook and other open source training apps, so you can continue to use the fitness apps you know and keep all your training history in one safe place.

\* Currently compatible with all 1000ENT series
