

Jordan 1-10kg Premium Hexagon Dumbbell Set Urethane

Urethane coated hexagon dumbbells from 1-10kg by Jordan Fitness. Urethane Hexagon Dumbbells by Jordan Fitness - for commercial gyms and CrossFit boxes. The Urethane Coated Hexagon Dumbbells are sleek, stylish and ergonomically designed to provide the ultimate workout experience for every user. As an alternative to rubberized Hexagon Dumbbells, these are the most durable Hexagon Dumbbells on the market. The Jordan Hexagon Dumbbells with a premium urethane coating, feature high oil and grease repellency to resist damage from intensive use.

CHF 999.00

Hexagon dumbbells are great for a variety of upper body strength exercises, such as rowing exercises or push-ups (ideal due to the anti-roll design), as well as standard dumbbell exercises, including shoulder, chest press and biceps curls.

- Urethane Coated Hexagon Dumbbells
- Urethane-coated weights eliminate annoying and loud clanking of dumbbells and protect the floor and equipment while minimizing wear and tear
- classic anti-roll design with a sleek, stylish aesthetic
- hard chrome plated dumbbell bar
- clear markings for easy weight identification
- ergonomic handle
- ideal for home and commercial use
- 3 year warranty
