

Tunturi Funhop trampoline 125cm (14TUSGA006)

The trampoline is the perfect training device for at home, requires little space and creates a particularly high and long-lasting training motivation thanks to the fun factor.

CHF 149.00

Hardly any other sport burns as many calories and boosts fat burning as trampolining: depending on the intensity, up to 1200 calories are burned per hour. Regular jumping trains up to 400 muscles in the buttocks, stomach, arms and thighs at the same time and is gentle on the joints and quiet.
