

Sponser Isotonic 20 x 60g single sachets

Isotonic thirst quencher from Sponser with minerals and carbohydrates.

CHF 39.60

Powder for the preparation of an isotonic electrolyte drink - Sponser Isotonic is an energy drink of very good tolerance and delicious flavor. Made from first-class raw materials, enriched with all necessary minerals and vitamins. With Sponser Isotonic fluid, mineral salts and vitamins reach the organism in the fastest way. Can be drunk before, during and after exercise.

Sugar spectrum

- Polysaccharides and fructose 81%
- Mono- and disaccharides 19%

The short-, medium- and long-chain carbohydrates cause a staggered release of fuels to the muscles and thus a balanced and steady supply of energy.

Ingredients

- Maltodextrin, fructose, fruit powder, dextrose, mineral salts, acidifier (citric acid), lactose, nature identical flavors, vitamins, antioxidant (ascorbic acid)

Flavor: blood orange

Packaging unit: 20 x 60g single sachets (for 750ml each)

Content: 1200g
