

Sponser Carnitin 1000 Mineral Drink 400g Can

Low calorie mineral drink with L-Carnitine with only 3kcal/100ml. With the minerals calcium, magnesium and iron, the Carnitin 1000 mineral drink also provides three important minerals. For fitness conscious people and to promote regeneration. Suitable for diabetics.

CHF 26.55

Mineral drink with L-carnitine - 40 low-calorie electrolyte drinks with 600 mg of pure L-carnitine each. L-carnitine is a vitamin-like substance and enables optimal burning of fatty acids. The resulting accelerated release of energy causes an increase in endurance and performance. This fine and refreshing mineral drink also provides important minerals and has only 10 calories per dl.
