The Tunturi Competence Treadmill T40 is a treadmill with 44 different programs. With this treadmill, speeds from 1.0 to 16.0 km/h can be selected and inclines from 0 to 12 % can be set. The running surface is well sprung and measures 125 x 45 cm. The motor power is 3.5 HP.

The control panel has an integrated LED display and simple menu navigation. But the potential is far from exhausted! Because this Tunturi treadmill also has the option of connecting a tablet or smartphone via Bluetooth and thus using the exciting possibilities of the Fit Plus and Kinomap apps. As soon as you do this, completely different possibilities unfold! Create an account and run around the world using Google Maps. Various measurements allow you to keep up to date with your training and share it with your friends on Facebook or Twitter.

The maximum user weight is 120 kg. In addition to the pulse measurement on the handles, a chest strap can also be used as an option.

As this treadmill was designed for home use, it is also foldable and therefore extremely space-saving. When folded, the length is reduced from 155 to 87 cm.
