

## Tunturi T60 Performance Treadmill

The Tunturi Performance line offers a very high price/performance ratio for the home user. Each Tunturi Performance treadmill has a user-friendly console, which includes an integrated LCD display and simple menu navigation via a rotary knob. This makes the treadmill very easy and intuitive to use.

**CHF 1'899.00**

The Tunturi Performance Treadmill T60 is a treadmill with 44 different programs. With this treadmill, speeds from 0.8 to 20.0 km/h can be selected and inclines from 0 to 15 % can be set. The running surface is well sprung and measures 140 x 50 cm. The motor power is 5 HP.

But the potential is far from exhausted! Because this Tunturi treadmill also has the option of connecting a tablet or smartphone via Bluetooth and thus using the exciting possibilities of the Fit Plus and Kinomap apps. As soon as you do this, completely different possibilities unfold! Create an account and run around the world using Google Maps. Various measurements allow you to keep track of your training and share it with your friends on Facebook or Twitter.

The maximum user weight is 135 kg. In addition to the pulse measurement on the handles, a chest strap can also be used as an option.

As this treadmill was designed for home use, it is also foldable and therefore extremely space-saving. When folded, the length is reduced from 177 to 102 cm.

### Features:

- Motor power 5PS
- Running surface 140 x 50cm
- Speed 0.8-20km/h
- Gradient 0-15%
- Foldable with soft-drop system
- 25.4cm LCD backlight display with 4 LED display of speed, time, distance, RPM, energy consumption, heart rate, load profiles and graphic profile display

- 36 pre-programmed load profiles
- 1 quick start program
- 3 user programs (own load profiles can be generated by the user)
- 1 body fat program
- Targets according to time, distance, calorie consumption
- Running belt 1.6mm / diamond
- Thickness of the running deck: 18mm
- T-FLEX COMFORT PLUS cushioning system
- Front handrail
- Quick adjustment of incline and speed on the handrails
- transport rollers
- Hand pulse sensors
- Water bottle holder
- Tablet holder
