

## Tunturi T80 Endurance treadmill

The Tunturi Endurance line is the flagship of the new Tunturi cardio equipment. The Tunturi Endurance treadmills, cross trainers, bikes and rowing machines combine the best overall package of versatility, price/performance ratio and quality. The Endurance machines are perfect for ambitious home users.

**CHF 2'999.00**

The Tunturi Performance Treadmill T80 is a treadmill with 44 different programs. With this treadmill, speeds from 0.8 to 22.0 km/h can be selected and inclines from 0 to 15 % can be set. The running surface is well sprung and measures 153 x 55 cm. The motor power is 5.5 HP.

The maximum user weight is 150 kg. In addition to the pulse measurement on the handles, a chest strap can also be used as an option.

As this treadmill was designed for light commercial as well as home use, it is also foldable and therefore extremely space-saving. When folded, the length is reduced from 193 to 137 cm.

### Features:

- Engine power 5.5 hp
- Running surface 153 x 55cm
- Speed 0.8-22km/h
- Gradient 0-15%
- Foldable with soft-drop system
- 25.4cm LCD backlight display with 4 LED display of speed, time, distance, RPM, energy consumption, heart rate, load profiles and graphic profile display
- 36 pre-programmed load profiles
- 1 quick start program
- 3 user programs (own load profiles can be generated by the user)
- 1 body fat program
- Targets according to time, distance, calorie consumption
- Ascent height 21cm

- Running belt 1.8mm / cross tip
- Thickness of the running deck: 21mm
- T-FLEX COMFORT TOP cushioning system
- Front handrail
- Quick adjustment of incline and speed on the handrails
- transport rollers
- Hand pulse sensors
- Water bottle holder
- Tablet holder
- USB charging station

Use: Home use to light commercial use, payload: approx. 150kg

Device dimensions: L193 x W93 x H149cm, folding dimensions: L137 x W93 x H157cm, weight 117kg

Accessories: hand pulse sensors, integrated Polar receiver

Option: transmitter belt (analog), with APP (Bluetooth transmitter belt)

Warranty: **CH warranty** (warranty from Swiss general distributor) - 1 year full warranty, 2 years on labor and spare parts (excluding consumables).

Engine power: 5.5 HP DC motor

Speed: 0.8-22km/h in 0.1km/h steps

Tread: 153 x 55 cm

Gradient: 0-15% in 1% steps

Training computer: 25.4cm LCD Backlight Display

Displayed values: LED display of speed, time, distance, RPM, energy consumption, heart rate, load profiles and graphical profile display.

Training programs: 36

Pulse-controlled programs: keine

User-defined programs: 3

Hand pulse sensors: Yes

Pulse receiver: 5kHz and Bluetooth

Multimedia: Bluetooth interface, entertainment APP's, USB port, tablet holder

Foldable: Yes

Accessories: Hand pulse sensors, integrated Polar receiver

Options: Transmitter belt (analog), with APP (Bluetooth transmitter belt)

Folding dimensions (length / width / height): L 137 x W 93 x H 157 cm

Dimensions (length / width / height): L 193 x W 93 x H 149 cm

Device weight: 117 kg

Payload: approx. 150 kg

Insert: Home to light institutional use

Warranty: 1 year full warranty, 2 years on labor and spare parts (excluding consumables).
