

## Sponser L-Carnitine Ampoules 30 x 25ml

Sponser L-Carnitine ampoules plus zinc  
and magnesium.

**CHF 66.00**

L-Carnitine 1000 + Zinc + Magnesium - drinking ampoule with L-carnitine (1000 mg) of a daily ration plus zinc (3.8 mg) and magnesium (75 mg). Carnitine is found only in animal foods and is therefore particularly useful in a low-meat diet. Athletes benefit from the multiple effects of L-carnitine:

- Increased energy supply
- Increase in endurance due to improved oxygen supply
- Reduces stress as well as analytically detectable indicators (creatine kinase, ammonia)
- reduces cellular damage during physical activity due to its antioxidant capacity
- supports liver detoxification and is valuable for cardiovascular health

### Advantages

- Use of high quality L-CARNIPURE<sup>reg</sup>: 100% pure L-Carnitine (0.0% D-Carnitine)
- Enriched with vitamins of the B-complex and C as well as the minerals magnesium and zinc
- Practical intake Application Suitable for physically active individuals to support energy production from fatty acids as well as to support weight reduction. Important for people on a vegetarian diet or with slow recovery ability. Suitable for diabetics. Dosage: 1 ampoule approx. 1 h before sport or for regeneration directly after exertion. Ingredients Water, glycerin, fructose, L-carnitine, lactic acid and citric acid, magnesium, potassium sorbate, flavors, vitamin C, zinc, sweeteners, dyes, vitamins of the B-complex.

Packaging unit: 30 x 25ml ampoules

Flavor: peach
