

Airex gymnastic mat Fitline 200 anthracite - L200 x W80 x D1cm

The AIREX® Fitline mats are the ultimate choice for sports and training and are used by countless top athletes around the world. The Fitline is a classic fitness mat that is often used for group fitness classes in gyms. In contrast to the Fitline 180, the Fitline 200 is extra long and also extra wide. The greater length of 200 cm also allows larger users to find their way around the mat. The width of 80cm also helps to expand the range of motion.

Medical purpose:

AIREX® products are designed as movement therapy aids for both institutional and domestic use. The object lying on the floor serves as a support for a person during medically indicated and prescribed exercises to improve motor skills and balance or postural control and/or for movement therapy treatment of muscle weakness in the limbs and trunk as a result of a neurological or orthopedic disease.

Why are the sizes given only in "approximate"? All AIREX mats are foamed freely. This means that they are not produced in moulds. The production process is comparable to baking a loaf of bread. The result
