

## Matrix Fitness TF50XR Treadmill

With the TF50 treadmill from Matrix Fitness you experience a natural and powerful workout on an advanced combination of frame, running deck and drive. Hydraulic support includes folding, controlled and silent lowering of the running surface and upright transport allows you to choose your workout location. The XR console has an easy-to-read, bright 8.5 inch LCD display. The large LCD display provides a perfect overview of all essential training data. Always keep an eye on your training data so you can reach - and even exceed - your athletic goals.

**CHF 4'649.00**

Experience a workout as natural as it is powerful on the most advanced combination of frame, running deck and drive. The Matrix Fitness TF50 treadmill has a space-saving folding mechanism and is as stable as a conventional treadmill. The extra long running surface and the exclusive Johnson Drive System with the Ultimate Deck guarantee thousands of miles of running fun. Everything that makes training comfortable is within reach: large control buttons for incline and speed on the front handrail, as well as bottle holder, tablet tray or USB port.

### **Ultimate Deck System**

Exclusive system with robust frame, extra thick running deck and professional damping properties.

### **Johnson Drive System**

Digital drive system for continuously strong and at the same time quiet running performance. Exclusive Responsive Digital Drive System recalibrates with every step.

### **Features:**

- 3.25 HP Johnson digital drive system (Johnson Drive) - resynchronizes with every stride.
- Training computer with 8.5" (21.6cm) extra-wide blue backlit LCD display showing elapsed time, time remaining, distance, calories, speed, pace, heart rate, incline %
- 5 programs: Manual, hill, interval (incline), target heart rate (speed), sprint 8 training program\*: anaerobic training program that promotes the natural production of growth hormones to help

reduce weight, build muscle and prevent aging

- Advanced Bluetooth - connect your wireless headphones or optional Bluetooth heart rate monitor and connect to popular workout apps via Bluetooth
- Quick Start function
- Soft touch buttons
- Running surface 51x152cm
- Speed 0,8-20km/h
- Incline 0-15%
- Easy Fold foldable frame for space-saving storage - with the dynamic folding mechanism, it's a breeze to raise the treadmill to nearly 90 degrees and store it in the corner thanks to the four transport wheels. When you're ready for your next run, all you have to do is unlock it for the deck to gently lower back down.
- convenient 4-wheel transport system
- Cushioning: Ultimate Deck System - provides years of reliable performance
- Aluminum side rails
- soft touch buttons
- belt thickness 2-ply, 2,2mm
- deck 2,5cm
- stationary grips with quick keys for resistance and incline adjustment
- Hand pulse sensors
- WiFi compatible (software updates, Viewfit)
- Passport integrated\*\* (Passport Set Up Box is not required for playback on the device console (not on TF50XR). If you want to play the tracks on an external TV, a Passport Set Up Box is required)
- Viewfit compatible\*\*\* - an exclusive form of workout tracking to connect your training device to your favorite fitness apps and social network
- guide price CHF 5'299.--

**\*SPRINT 8 workout program** - scientifically proven high-intensity interval training program helps burn fat and build muscle in short workouts that anyone can fit into their everyday schedule.

**\*Passport Media Player** with Virtual Active is an interactive workout program in which the athlete runs, drives and hikes through real landscapes. Instead of staring at the walls while exercising, the exerciser can now experience the landscapes in a dynamic video - interactive and in HD quality. The training device varies the resistance according to the slope of the video landscape, the playback speed of the video in turn adapts to the pace of the trainee and even ambient sounds can be perceived.

**\*\* Viewfit** - it is an exclusive form of workout tracking that can connect our training device with the user's favorite fitness apps and social network. Viewfit simplifies the collection of fitness data. Workouts completed on the fitness device at home now no longer need to be transferred separately to the fitness app being used, as the device takes care of that itself. There are two ways to keep track of athletic activities and results, set new goals or participate in competitions: the website [www.viewfit.eu](http://www.viewfit.eu) or the Viewfit app for iOS or Android.

Use: home use, payload: approx. 181kg

Device dimensions: L206 x W90 x H158cm, folding dimensions: L106 x W90 x 192cm, weight 135kg

Accessories: integrated receiver for chest strap transmitter, hand pulse sensors, bottle holder, device holder

Option: Bluetooth HR transmitter belt, floor mat

Warranty: 2 years full warranty

Engine power: 3.25 HP digital drive system (Johnson Drive)

Speed: 0,8-20km/h in 0.1 km/h steps

Tread: 152 x 51 cm

Gradient: 0-15% in 1% steps

Training computer: Training computer with 8.5" (21.6cm) extra-wide blue backlit LCD display

Displayed values: Time, remaining time, distance, calories, speed, pace, heart rate, slope %.

Training programs: 5

Pulse-controlled programs: 1

User-defined programs: keine

Hand pulse sensors: Yes

Pulse receiver: Bluetooth

Multimedia: No

Foldable: Yes

Accessories: integrated receiver for chest strap transmitter, hand pulse sensors, bottle holder, device holder

Options: Bluetooth transmitter belt, floor protection mat

Folding dimensions (length / width / height): L 106 x W 90 x 192 cm
