

Sponser Low Carb Protein Porridge 540g Tin

LOW CARB PROTEIN PORRIDGE by SPONSER® is ideal as a high-quality, quickly prepared meal or breakfast alternative. With full flavor and natural ingredients, but only a few carbohydrates. Ideally suited for a low-carb diet.

CHF 24.50

Unlike conventional cereal blends, LOW CARB PROTEIN PORRIDGE is based on a high-quality nut mixture of cashew, coconut and almonds. Cereals such as oats, wheat, rice or soy were deliberately avoided. The special combination of complex carbohydrates, high-quality proteins, healthy fats and numerous valuable dietary fibers ensures long-lasting satiety and a stable blood sugar level in everyday life.

Due to its mild nutty taste, LOW CARB PROTEIN PORRIDGE can be refined as desired, e.g. in combination with fresh berries, fruit or cinnamon. Easy to prepare with water or milk in just a few minutes and therefore also ideal as a quick snack.

- Natural, high-quality ingredients based on nut flour
- Valuable dietary fiber
- Quick preparation
