

Body Solid Pro Club Line Series II Biceps Triceps (S2BTP)

Commercially rated - built with precision - Body Solid's Pro Club Line Series II consists of 17 single and dual function stations and offers a complete range of equipment, providing facilities with strength stations for the entire body. Each station is designed to be biomechanically correct. Multiple adjustment options allow each user to achieve high quality and natural movement.

CHF 2'990.00

Body Solid Pro Club Line Series II equipment is designed to provide an intense workout while avoiding strain. Easy and comfortable entry makes getting started a breeze. Thick, comfortable DuraFirm™ quality padding reduces fatigue and discomfort for a more enjoyable workout.

Body Solid Pro Club Line Series II equipment features heavy and solid steel frames with 4-sided welded frame construction. This ensures trouble-free use from home to demanding use in commercial fitness facilities. The full weight magazine enclosure is not only aesthetically pleasing, but also safe - preventing users from dropping weights on objects. Commercial-grade cables, weight packs and design make the Body Solid Pro Club Line Series II equipment one of the strongest and most durable equipment lines on the market.

Features:

- 75kg weight magazines (also available with 105kg)
- low center of gravity for maximum stability
- pivoting upper pulley for multi-angle workouts
- back padding provides stability and isolation for triceps muscles
- oversized non-slip base for stability and traction
- extra-strong, tear-resistant DuraFirm padding is double-stitched and includes high-density, top-grade foam
- weight magazine cover with training instructions
- solid and stable frame construction (5 x 7,5cm)
- double powder coating protects against scratches, chipping and flaking

use: home to commercial continuous use
