

Body Solid Pro Club Line Series II Inner Outer Thigh (S2IOT)

Commercially rated - built with precision - Body Solid's Pro Club Line Series II consists of 17 single and dual function stations and offers a complete range of equipment, providing facilities with strength stations for the entire body. Each station is designed to be biomechanically correct. Multiple adjustment options allow each user to achieve high quality and natural movement.

CHF 2'990.00

The Body Solid Pro Club Line Series II machines are designed to provide an intense workout while avoiding strain. Easy and comfortable entry makes getting started a breeze. Thick, comfortable DuraFirm™ quality padding reduces fatigue and discomfort for a comfortable workout.

Body Solid Pro Club Line Series II equipment features heavy and solid steel frames with 4-sided welded frame construction. This ensures trouble-free use from the home to demanding use in commercial fitness facilities. The full weight magazine enclosure is not only aesthetically pleasing, but also safe - preventing users from dropping weights on objects. Commercial-grade cables, weight packs and design make the Body Solid Pro Club Line Series II equipment one of the strongest and most durable equipment lines on the market.

Features:

- 75kg weight magazines (also available in 105kg).
- low center of gravity for highest stability
- easy access to the machine
- 7-position backrest adjustment to fit different body sizes
- hand grips to stabilize the user
- foot rests with two positions to support the lower body
- rotating, adapting knee pads
- extra strong, tear-resistant DuraFirm padding is double-stitched and includes high-density, top-grade foam
- weight magazine cover with training instructions
- solid and stable frame construction (5 x 7,5cm)
- double powder coating protects against scratches, chipping and flaking
