

## Body Solid Pro Club Line Series II Leg Extension (S2LEX)

Commercially rated - built with precision - Body Solid's Pro Club Line Series II consists of 17 single and dual function stations and offers a complete range of equipment, providing facilities with strength stations for the entire body. Each station is designed to be biomechanically correct. Multiple adjustment options allow each user to achieve high quality and natural movement.

**CHF 2'990.00**

The Body Solid Pro Club Line Series II machines are designed to provide an intense workout while avoiding strain. Easy and comfortable entry makes getting started a breeze. Thick, comfortable DuraFirm™ quality padding reduces fatigue and discomfort for a comfortable workout.

Body Solid Pro Club Line Series II equipment features heavy and solid steel frames with 4-sided welded frame construction. This ensures trouble-free use from the home to demanding use in commercial fitness facilities. The full weight magazine enclosure is not only aesthetically pleasing, but also safe - preventing users from dropping weights on objects. Commercial-grade cables, weight packs and design make the Body Solid Pro Club Line Series II equipment one of the strongest and most durable equipment lines on the market.

The leg extension exercise is an important movement to strengthen quadriceps and the patellar ligament and add stability to the knee.

### **Features:**

- 75kg weight magazines (also available with 105kg).
- low center of gravity for highest stability
- easy access to the machine
