

Body Solid Pro Club Line Series II Seated Leg Curl (S2SLC)

Commercially rated - built with precision - Body Solid's Pro Club Line Series II consists of 17 single and dual function stations and offers a complete range of equipment, providing facilities with strength stations for the entire body. Each station is designed to be biomechanically correct. Multiple adjustment options allow each user to achieve high quality and natural movement.

CHF 3'290.00

Body Solid Pro Club Line Series II equipment is designed to provide an intense workout while avoiding strain. Easy and comfortable entry makes getting started a breeze. Thick, comfortable DuraFirm™ quality padding reduces fatigue and discomfort for a more enjoyable workout.

Body Solid Pro Club Line Series II equipment features heavy and solid steel frames with 4-sided welded frame construction. This ensures trouble-free use from home to demanding use in commercial fitness facilities. The full weight magazine enclosure is not only aesthetically pleasing, but also safe - preventing users from dropping weights on objects. Commercial-grade cables, weight packs and design make the Body Solid Pro Club Line Series II equipment one of the strongest and most durable equipment lines on the market.

The leg curl exercise trains the often neglected hamstrings, protects against injury, increases leg strength, imparts greater flexibility and relieves back pain.

Equipment:

- 75kg weight magazine (also available with 105kg)
- low center of gravity for maximum stability
- easy access to equipment
- lateral access to weight adjustment
- 7-position adjustable back padding for different body sizes
- angled back pad (93 degree angle between seat and backrest)
- 13 settings for starting position for full freedom of movement
- multiple position adjustment of the pad for leg fixation for stable and ergonomic exercise performance

- side handles for stabilization
- extra-strong, tear-resistant Duraform padding is double-stitched and includes high-density, top-quality foam
- weight magazine cover with training instructions
- solid and stable frame construction (5 x 7,5cm)
- double powder coating protects from scratches, chipping and flaking
