

NordicTrack treadmill EXP10i

The NordicTrack EXP 10i treadmill with maximum speeds of up to 22km/h. Optimum comfort during training - like a professional on a treadmill with an incline of up to 12% and a decline of up to 3%.

CHF 2'790.00

10-inch smart HD touchscreen

Speed, incline, distance, heart rate, time and calories - you can see this information on the 10-inch HD touchscreen integrated into the console of the EXP 10i. This color screen allows you to train in maximum comfort. A real plus: compatible with iFit technology. Makes your training many times more dynamic.

3.5 HP DC motor

Train safer, longer and smoother. Equipped with a larger motor compartment for less vibration and built-in fans for better cooling, this 3.5hp DurX Commercial Pro continuous power motor delivers smooth and consistent power. All NordicTrack drive systems have a built-in insulated brush system for optimum motor protection and longer life.

Up to -3% incline with OneTouch Decline Control

Training on a treadmill with an incline! Real-world feeling and train specific muscle groups. Burn more calories and achieve faster results.

0-22 km/h

Walking, jogging or running - the EXP 10i accompanies every workout at speeds of up to 22 km/h. Change the speed at the touch of a button and don't let it distract you from your run.

iFit Bluetooth Smart access

With the revolutionary interactive training program iFit Technology* you get more out of your workout on the Nordic Track training device. A new workout every day (personalized workouts), automatically track your progress, experience real-life runs with Google Maps (virtual routes) or compete with friends, or

tailor your workouts to your specific goals (virtual (personal) training). *iFit subscription required to be ordered separately.

iPod compatible sound system

Connect your iPod or MP3 player to the console and work out to your favorite playlist. All with incredible stereo sound from 3-inch speakers. *iPod is a trademark of Apple Inc. registered in the USA and other countries. iPod not included.

Features:

- 3.5PS DurX Commercial Pro continuous power motor
- Digital drive system
- 10 (25.4cm) HD touch screen with iFit technology. This color screen allows you to exercise in maximum comfort. More than 50 video workouts included and compatible with iFit technology. Makes training much more dynamic. More than 50 pre-saved workouts make training really dynamic, and in combination with iFit technology you have access to functions such as statistics, GoogleMaps training routes and customized workouts
- Display for time, distance, speed, incline, pace, calories, heart rate
- In-home personal training - in conjunction with an iFit membership, you have access to more than 400 training programs and sports sessions around the world. Thanks to the 10-inch HD screen, a wide range of available programs can be used. (An iFit Premium account is required to access the programs)
- Electronically adjustable incline -3 to +12% - training on a treadmill with an incline of up to -3%! Real world feeling and train specific muscle groups. Burn more calories and achieve faster results.
- Speed electronically adjustable from 0 to 22 km/h in 0.1 km increments
- 12 incline and 12 speed direct selection buttons
- Running surface 152 x 51cm
- 2-ply, pre-waxed belt - reduces noise and friction. Designed for a smoother workout and greater durability, this two-ply treadmill is stretch resistant and designed to stay centered on the deck. The treadmill material is impregnated with a proprietary lubricant that increases the performance and durability of the drive system.
- 2.5cm running deck, pre-waxed
- Runners Flex cushioning system
- Roller diameter 4.8cm
- Foldable - EasyLift - innovative SpaceSaver technology with EasyLift lifting aid for easy lifting and folding of the running deck. Save space, clean under the device, stow away.
- Autobreeze workout fan
- Transport castors
- Height compensation
- Storage compartment
- iPOD compatible - the EXP 10i has an MP3 connection and built-in Intermix Acoustics 3.0 sound speakers - so you can work out to your favorite playlist!
- 2 Bluetooth® speakers
- Headphone connection
