

NOHrD Wall Shelf

NOHrD Wall - fitness in a class of its own - a complete training station with integrated virtual trainer. The NOHrD Wall - up to five freely combinable modules enable both short and high-intensity interval training as well as a combination of different functional workouts. Thus, the NOHrD Wall allows effective training in the smallest space. Designed as a complete fitness solution, the NOHrD Wall is aimed at private individuals for setting up their own home studio, hotels for exclusive workouts in the rooms or professional coaching experts, among others.
