

## Energy Body Amino 20 ampoules à 25ml

Liquid food supplement based on lactalbumin hydrolysate, L-arginine, L-ornithine, vitamin B6 and pantothenic acid. For athletes after intense muscular effort. With a type of sugar and sweeteners.

**CHF 55.00**

Amino acids are the basic building blocks of muscles. Without sufficient amino acids no muscle building. That's a fact. With 100 nabol we have also implemented 100 pure amino acids and therefore offer the optimal amino acid supply for rapid muscle building.

Consumption recommendation:

mix 1 drinking ampoule per day with 100 ml water or juice. Do not exceed the recommended daily dose! The product should not be a substitute for a balanced and varied diet. Store product out of reach of small children.

Packaging unit: 20 ampoules of 25ml.
