

Trigger Point Nano LTE

The TriggerPoint Nano LTE massager is the perfect compact massage roller for treating muscle pain in the feet, hands and forearms.

CHF 29.90

Made from multi-layer EVA foam, the roller can aid mobility and speed up recovery time by increasing blood flow and oxygen to your feet and forearms. It can be used standing or sitting, and with its portable design, it fits in most pockets to take with you anywhere.

Polyurethane wheels provide support and control while sitting or standing.

Lightweight and portable for travel or the gym.
