

VLUV VEGA synthetic leather sitting ball, black, 60-65cm

It's hard to believe how grippy and natural the innovative material feels, almost like the real thing! The new VEGA beanbag series offers a vegan outer material that is breathable and hard-wearing. The cool used look is made even more realistic by the contrasting stitching. The balls fit perfectly into stylish home offices or high-quality living environments. And VLUV is healthy too.

CHF 179.00

fixFORM

Sits more upright than a PVC ball thanks to the firm cover

gripME

Design-patented handle for easy and safe transportation

duoTHREAD

Double seam for durable use and longevity

unROLL

Integrated bottom ring prevents the ball from rolling away too easily

extraSAFETY

2-fold ball cover - hardly any stretching and extremely burst-proof

lightWEIGHT

Easy to transport seating furniture
