

Airex Coronella 120 gymnastics mat blue - L120 x W60 x D1.5cm

The AIREX® Coronella 120 is a short version of the best-selling Coronella 185 mat. It has a proven length of only 120 cm and is therefore particularly suitable for group fitness where space is limited. This mat offers a high level of cushioning and has become an indispensable standard piece of equipment in first-class fitness studios and sports clubs. It is often used by personal trainers and has been developed in collaboration with athletes and therapists to fully meet their needs.

- CE-compliant (93/42/EEC)
- Target price CHF 69.90

Size: approx. L120 x W60 x D1.5cm

Color: blue

Medical purpose:

AIREX® products are designed as movement therapy aids for both institutional and domestic use. It is used as a support for a person during medically indicated and prescribed exercises to improve motor skills and balance or postural control and/or for movement therapy treatment of muscle weakness in the limbs and trunk as a result of a neurological or orthopaedic condition.

Why are the sizes only given in "approx."? All AIREX mats are freely foamed. This means that they are not produced in molds. The production process is comparable to baking bread. The result can therefore be influenced by the ambient conditions (temperature, air pressure, etc.), so that the products always vary slightly in length, width and thickness.
