

Bodycraft Xpress Pro Multistation II with leg press

This innovative strength training station has created a whole new category of home gyms as it was the very first multi-station to incorporate adjustable cable arms. This revolutionary feature enables hundreds of new exercises for dumbbell training, functional training, core training, sport-specific exercises and rehabilitation exercises. This feature has been copied by nearly every home fitness provider in the industry. The XPress Pro with leg press is the original: copied, but not duplicated!

CHF 2'980.00

Equipment:

- Bench press lever with adjustment of the movement angle for pushing and pulling exercises (bench press, incline bench press, shoulder press or rowing)
- Leg extension (seated) and leg curl (standing)
- upper and middle pulley for a variety of upper body exercises (lat pulldown), abdominal crunch
- patented, 11-way adjustable butterfly arms turn the BodyCraft X-Press Pro II into an innovative cable pulley station that enables sport-specific exercises or exercises for rehabilitation training
- lower cable pulley with foot plate for a variety of exercises for abduction, adduction, hips, glutes, calves, biceps, back (rowing)
- Includes leg press with up to 180 kg resistance (ratio 1:2)
- Resistance doubling (ratio 1:2) for bench press lever with up to 180 kg resistance through simple re-coupling using the quick-hook system
- Gas pressure-assisted seat height adjustment for easy adaptation to all body sizes
- horizontally and incline-adjustable backrest - the backrest pad can be tilted to ensure full support during incline and shoulder presses
- ergonomically designed backrest - this adjusts from front to back and automatically "cradles" the user for full support. Double layer back pad designed to provide full lumbar support while reducing strain on the spine
- space-saving design - can be placed against the wall
- ergonomic handles
- sealed, internally lubricated bearings - at pivot points for exceptional consistent performance
- 90kg weight block

- protective cover for weight magazine
- Color: Diamond grey
- Assembly instructions in English
- Target price CHF 3'790.--

Application: Home use, payload: approx. 160kg

Equipment dimensions: L210 (with leg press L217) x W144 (with leg press B230) x H211cm, weight 170kg

Accessories: Leg press with up to 180kg resistance (ratio 2:1) Lat bar, tricep handle, foot strap, abdominal pulldown section, chain

Warranty: 2 years on labor and spare parts (excluding consumables, transport and installation)
